### Teacher Induction Program (TIP)

Eighteen new agricultural education teachers are participating in the TIP during 2017-18. Monthly professional development meetings that have been conducted thus far are: TIP Brunch during the MAAE Summer Conference (July ), two-day TIP New Teacher Conference (August), and a WebEx meeting (September). Senior Mentors have been meeting with new teachers and MAAE Regional Mentors have been selected. The TIP Fall Seminar will be held on October 3. We will meet in Ruttan 119 from 10:20-11:40 am during the UM Fall Invitational.

### 26th Annual UM Fall Invitational

We welcome Ag Ed teachers and their students to the St. Paul campus on October 3 for the Fall Invitational. Six CDEs will be conducted: Dairy, Forestry, General Livestock, Horse, Poultry, and Soils. CFANS faculty, staff, Ag Ed Club, Block & Bridle Club, and Gopher Dairy Club organize the CDEs. Register by September 27 at <http://webapps2.cfans.umn.edu/FFA/Default.aspx>

All teachers are invited to Andrew Boss Lab 125 for the Ag Ed Teacher Update from 9-10:15 am. Coffee, juice, and rolls will be available starting at 8 am.

Farm Business Management - Post-Secondary Report and support for High School Ag Education

September, 2017 Report

State FBM Fall Conference: Sixty-two FBM faculty attended the Fall FBM Conference in St. Cloud on September 11 & 12. The agenda was filled with updates on Top Farmer Survey, Farmer Lender Mediation, New Beginning Farmer Tax Law, 2017 Database preparations(to be completed in 2018,) and MAELC program updates including listening sessions. Materials can be found at:

<http://agcentric.org/education-training/farm-business-management/2017-fall-fbm-conference/>

PEP – The Professional Excellence Program(PEP) is led by Ron Dvergsten and new this year we are adding an assistant director which will be filled by Betsy Jensen from Northland Comm & Tech College. The next training will be held in Alexandria on November 1 & 2.

PIM – Post-secondary Instructor Mentorship(PIM) program was established over the past fiscal year. Pete Neigebauer (South Central) and Kari Slinden (Ridgewater) are the co-directors of this program New this year is a “Post Secondary AFNR Summit” to be held in St. Cloud on December 15. The focus of this summit is Student Retention, Student Recruitment, and Student Mental Health to grow our AFNR programs.

FBM Staffing – Current status of changes over this past summer and current openings.

FY 2018 Farm Business Management Changes, as of September 18, 2017

College	Instructor Name	Previous Instructor	Mentor

Riverland TBD - Open Dave Marr TBD

Riverland TBD - Open New Position TBD

?? 2 more positions From MAELC funds

Post-Secondary Staffing – Joining the Agribusiness Team at South Central College – T.J. Brown and Kelly Schmidt, replacing Megan Roberts and Denise Reeser on the Faculty Team. Also, at Riverland – newly hired to teach agriculture is

FBM On-line Course-work – The FY18 & FY19 On-line FBM funding came through this past legislative session (\$50K per year). This will accomplish two things: The entire “essentials certificate” will be on-line at the end of this work and we will move to “virtual” FBM with a partnership with Center for Farm Financial Management (CFFM) and the Farmer Veteran Coalition.

MnState Centers of Excellence in Agriculture - AgCentric & Southern MN Center of Agriculture Update:

Agriculture Exchange – Job Portal in partnership with MN AgriGrowth - Regional Workforce Strategies Workshops - - we have completed 3 around the state over the summer with the final one being at the St Paul U of M campus on September 27. An analysis of impact will be conducted and next steps will be determined by late fall. For a connection to the web resource Job Portal – both Centers of Excellence in Agriculture for MN State have the link on their websites. It would be encouraged that any student seeking an internship or request for job postings in AFNR be placed on this portal.

<http://www.centerofagriculture.org/agrigrowth-job-exchange> or

<http://agcentric.org/ag-careers/job-exchange/>

Both Centers participated in a series of public engagement activities with MN FFA at the State Fair. Discussion is on-going about plans for 2018 state fair and beyond.

AgCentric launched a post-secondary on-line class specific to “Introduction to Agriculture”. This course is open to anyone but will serve as a platform for assisting agency employees to become agriculture terms and literacy. The origin of this course comes as a result of industry input as they continue to hire people who need to be

literate in agriculture to perform their jobs. Lack of candidates with this knowledge is growing in number. The course is offered through Northland Comm. & Tech College with ADawn Nelson serving as faculty member.

Minnesota CASE Institutes – South Central College will be submitting for a bid to host the AFNR Intro Course in June and possibly offering a second course in July to support one of the pathways. CLC is bidding on an application for the Natural Resources and Ecology (NRE) CASE Institute for summer 2018. After the submission of all Host Sites are accumulated in early October, the National CASE Team will announce the variety of possible CASE Institutes across the nation at the National FFA Convention. We will work to share what offerings will be available in Minnesota as soon as decisions are revealed.

Southern MN Center of Agriculture is providing CASE Incentive Grants – Tracy Drash for details and access to funds (amount = \$ 1,000) per certified CASE Teacher that can support CASE student certifications and your program. Tracy.drash@southcentral.edu or phone at 507-389-7435

Veterans to Agriculture - building the Program, recruiting and ready to invite partner colleges for MN State to support efforts and work to bring Veterans into agriculture industry. South Central College hosted a Defense Fellow from Washington, D.C. in August and representatives from Congressman Walz Staff to discuss further support for military veterans in agriculture.

Southern MN Center of Agriculture – Addition to the Team – achieving the “mission of aligning the academic resources with the industry partner resources to meet workforce needs in agriculture.” The Southern Center of Excellence – Agriculture is pleased to announce the addition of a Full-Time Staff position that will complete Outreach/Recruitment Coordination for partner institutions, high schools and industry partners. Jade Kampsen Joins the Center of Agriculture as Outreach & Recruitment Coordinator. An Agricultural Education Major from SDSU, most recent experience as a Regional Sales Agronomist in Southern MN, providing crop and product knowledge. She has worked to increase sustainable growing practices, using precision technology,

variable rate seed and nutrient recommendations. Jade has developed leadership skills in the agriculture and biotechnology industry as a student leader during her academic formation. She has been recognized as a Royal American Scholar and American FFA Degree recipient. She has experiences as an ambassador for career opportunities in agriculture, food and natural resources. Jade will work to amplify the career pathways in ag, food and natural resources for our College and Partner Institutions of the Southern MN Center of Agriculture. Also, she will assist in outreach efforts to diversify and expand the student and employee workforce in southern Minnesota." We are pleased to have Jade joining the Team on Monday, September 25th, 2017!

Four important events for MN Ag Ed to keep in mind: 1. Ag Tax Seminar – hosted at South Central College on October 17th – link for details and registration

<http://www.centerofagriculture.org/events/ag-tax-seminar>

2. The MN Centers of Excellence in Agriculture will be present at the National FFA Convention in Indy – booth # 3103 – please visit our Team of Minnesota, Students, Advisors and Guests are all anticipated to share conversations and networking. We will make your stop a rewarding one! See you in Indy.

3. November 2, 2018 is the CTE Works Conference -

<https://www.cteworksminnesota.org/>

4. AgriGrowth Annual Meeting on November 9, 2018. The Centers would have space potentially at this event if someone from Ag Ed wanted to join. Contact us if interested.

## **FFA Alumni Report- Jim Burns**

The Minnesota FFA Alumni is wrapping up a very busy summer. At the State Fair, we recognized Greg Gosen as our 2017 Day-Frederick Award Recipient. The Day-Frederick Award goes to an individual who has given a lifetime of service to the FFA in Minnesota. Greg has been involved in the FFA and FFA Alumni at the local, state, and national levels. He served as President of the State FFA Alumni, and has been very active in his local affiliate with coaching teams. Thank you Greg for your service to the FFA!

We also held our summer Executive Team planning meeting in Winsted MN, and also held our State Fair Board Meeting. These are important meetings for us because it gives our board an opportunity to get together in-person and develop our Program of Activities for the year. We have many exciting events coming up this year.

We also have some exciting events coming up this Winter. Our next President's Circle Leadership Training is on December 1st and 2nd. I would encourage each of you to reflect on who are your biggest community supporters, and nominate those individuals to participate in the President's Circle. The President's Circle has made a positive impact on many of our local FFA Affiliates and FFA Chapters, we hope that you can encourage some local alumni members to attend. More details about the President's Circle, and the nomination form are available on our website: [www.mnffaalumni.org](http://www.mnffaalumni.org).

Our Winter Regional Leadership Training Events (aka Barn Building Workshops) will be taking place in a region near you on January 13th and January 27th. This year's theme is Strategic Planning. More details will follow on location, timing, and specific topics. These events are targeted at any FFA Alumni members, and will give them an opportunity to develop their individual leadership skills. These events are targeted at any FFA Alumni members. Each region will host one event to make it easier for your local members to attend.

Looking ahead, our Annual Conference is coming up on March 3rd at Dakota County Technical College in Rosemount. We will continue our Strategic Planning theme with additional leadership development opportunities, and wrap up the day with lunch and our annual business meeting.

One final note, we will be hosting our "Take Your Administrator to State Convention" this year again at State Convention. This workshop is intended for anyone in your local administration, including Superintendents, Principals, Counselors, and School Board Members. This program will be held on Monday of Convention and will kick off the day

with a Workshop for the Administrators led by the FFA Alumni and several of our President's Circle members. The workshop will help the Administrators learn more about the value of Agricultural Education and the FFA. It will also give them an opportunity to network with other administrators from around the State. After the workshop, there will be a break for lunch with an opportunity for the Administrators to interact with your students at the convention. Then the Administrators are welcome to attend the Foundation's FFA Experience at Mariucci. They will hear more about the impact that the FFA has on it's members and the community. Finally, the Administrators can attend the Monday afternoon and evening sessions of Convention.

## **FFA Foundation Report- Val Aarsvold**

Minnesota FFA Foundation Report, September 20, 2017

Thank you to Zach Rada for serving on our board this past year as well as Tim Uhlenkamp who joined us in August and we welcome Brian Boomgaarden as he represents MAAE.

The Foundation live streamed the Minnesota FFA's Supreme Champions & Awards Program at the state fair. That recorded program is located on YouTube on the Minnesota FFA channel.

Currently promoting the Blue Jacket-Bright Futures program. With just shy of a month yet to apply, we have already received 72 applications.

Legacy Club grants offered this fall.

Washington Leadership Conference scholarship application deadline has moved to December 1<sup>st</sup> to align with the new registration process.

Need help growing our donors, specifically Star Partners.

- Challenges to the agricultural economy
- Davis Family Dairies -reduced their support, taking them out of the Star Partner program
- Wakefield Pork-indicated they are not renewing

If you know of business and organizations that we should connect with, please share those contacts with us as we work to grow our supporters.

Specialized agricultural license plate effort continues. 4-H is willing to partner with FFA. Minnesota Farmers Union already has language supporting an agricultural license plate. I introduced a resolution at my county Farm Bureau organization requesting their support. As this moves forward ask for MAAE's support.

## **MAELC Report- Sarah Dornik**

MAELC is hosting six Agricultural Education Listening Sessions across Minnesota in October. The information gathered at these meetings, along with small group committee work will help develop a Blueprint for Minnesota Agriculture, Food & Natural Resource (AFNR) Education through 2025.

### **Dates & Locations:**

Tuesday, October 10 - South Central College

Wednesday, October 11 - University of Minnesota-Twin Cities

Thursday, October 12 - Southwest Minnesota State University

Tuesday, October 17 - Ridgewater College

Wednesday, October 18 - University of Minnesota-Crookston

Thursday, October 19 - Central Lakes College

Each will be held from 10:00 am - 2:00 pm, with lunch provided. Sessions will focus on Agricultural Literacy, School-Based Agricultural Education/FFA, Post-Secondary Education, Teacher Preparation, and Farm Business Management.

MAELC sent all AFNR programs a 'Thank You' letter and Teach Ag poster for their classroom to celebrate National Teach Ag Day. In addition, a request for a Governor's Proclamation was made. ## **Region 2 Report- Robert Skwira**

Personnel Changes \*

It is a busy time of year, I asked in our region but didn't receive many responses. The only change that comes to mind is Kerry Lindgren in Staples is now down to a single person department due to budget cuts.

Highlights \*

Many great things happening in Region 2 just like the other fine regions in the state. In Upsala Gretchen shared that they completed a large landscaping project with an outdoor classroom. Looks great! Also this weekend the state officers are going to be training the region 2 and 4 officers at Royalton Highschool from 9:00-1:30

Challenges \*

Keeping up and meeting the growing needs/demands from our students, schools communities and our Families. Trying to find balance.
